

Electricity & Energy 2021

The 21-st International Annual Convention of SEEI
November 9 -13, 2021 | Eilat, Israel

Call for Papers

Convention Chairman: Prof. Simon Litsyn

Vice Chairs: Jonny Malachi, Igor Aronovich

Topics grouped by paths

HVAC and Energy

11. Green building/sustainable building/ Zero energy Building
12. Energy Efficiency
13. Innovations in HVAC & R systems and design tools
14. Data Centers
15. Corona – The day after
16. Systems commissioning, Service and Maintenance
17. Tri-Generation CHP

Electrical Transportation

31. Electrical Transportation
32. EV Charging Infrastructure
33. Train & Light Train Electrification
34. Electrical Public Transportation
35. ELF Fields and Environmental Protection
36. Operation and Maintenance Strategy

Renewable Energy

51. Renewable Energy
52. Solar Systems
53. Energy Storage
54. Regulation, Directives & Standards
55. Connection to the Grid

General

71. Innovations in Lighting & Illumination Engineering
72. Research and R&D in Electrical Power and Energy
73. Energy Management and Optimization

Testing, Measurements & Quality

21. Electrical Systems Testing
22. Standards & Directives for Testing & Quality
23. Quality & Reliability of Electricity Supply
24. EMC – Electro Magnetic Compatibility
25. Periodical Testing of Electrical Systems
26. Quality Assurance & Precision

Smart Systems Management & Cyber

41. Communication & IT
42. Smart Grid
43. Cyber Protection
44. Artificial Intelligence (AI) Systems

Advanced Operation & Maintenance

61. Maintenance & Safety of Electrical Devices
62. Servicing, Repair and Refurbishing
63. Prioritization and Control
64. Advanced Industrial Control
65. Systems with Multi Power Feeders

For abstract submission: www.electricity2021.com/call-for-papers

Abstract Submission
by 10.6.2021

Authors Notified
by 10.8.2021

Manuscripts Due by
10.10.2021
